

Learn How to Expand Your Resources and **THRIVE** in an Uncertain World

Minimize Your Vulnerabilities Identify Unsuspected Opportunities

"I will show you how to map your network, resources and people, for optimum results."
Dr. Robin Burk, AUTHOR, SPEAKER

An experienced entrepreneur, science and technology expert and consultant, Dr. Robin Burk has over 40 years experience putting the latest advances to work for companies large and small.

In today's time of rapid change, Robin is bringing the insights of cutting edge research to help companies effectively expand their web of resources and discover innovative approaches in order to thrive, despite uncertainty.

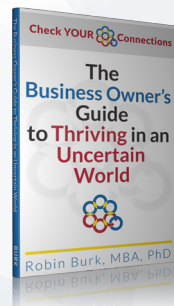

Dr. Burk holds an MBA from the Kenan-Flagler Business School, UNC Chapel Hill and a PhD in information science from SUNY Albany. Her studies in the liberal arts and her many years of experience as a hands-on executive give her a special awareness of the skills and mindset companies can lever for increased productivity, networking expansion, innovation, employee retention and satisfaction.

Robin is Available to Speak to:

Professional Business Men and Women, Entrepreneurial Groups and Associations, Corporate HR, CEOs and Executives, etc.

Topics for Keynotes and Seminars Include:

-  **Identify, Adopt and Adapt: How to Map Your Current Resources, Evaluate Your Resource Network and Use it for Increased Growth and Productivity**
-  **Resilient, Resourceful and Relevant: How to Increase Your Market Value and Visibility Ahead of the Curve**
-  **Millennial Management: Using Innovative Network Approaches for Retention, Motivation and Increased Production**

What Others are Saying:

"Dr. Burk is a dynamic speaker, writer and coach, as well as a thought leader in connected systems. Her unique approach will help identify existing obstacles and shine light on the path toward continual growth and success. Business leaders, executives, and students will come away empowered with specific actions they can use to thrive in a rapidly changing world."

– Frederick I. Moxley, PhD,
Executive Advisor and Professor Emeritus, NSC

"Our workshop with Dr. Burk was insightful and thought provoking. The staff left the workshop thinking about how to strengthen the connections across our business model and build resiliency into the systems that make our business function. Clear, concise, common sense approach that will help you accomplish goals and complete mission critical tasks with increased reliability."

– Keith P. Libolt, Affordable Home Concepts
