

# Learn How to Expand Your Resources and **THRIVE** in an Uncertain World

## Changing Rules – Turn Your Passion into a Viable Career Path

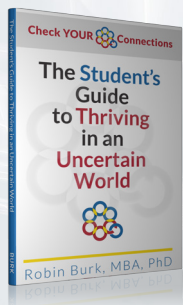

Dr. Robin Burk, AUTHOR, SPEAKER

*In a rapidly changing world, there are many unanswered questions for students who are uncertain about their careers and personal futures.*

In today's time of rapid change Dr. Robin Burk is bringing the insights of cutting edge research to help students expand their web of resources and focus their talents in order to thrive, despite uncertainty.

An experienced entrepreneur, science and technology expert and consultant, Robin has seven years' experience as a university professor and many years of cumulative business experience putting the latest advances to work for companies large and small.

Dr. Burk holds an MBA from the Kenan-Flagler Business School, UNC Chapel Hill and a PhD in information science from SUNY Albany. Her studies in the liberal arts and her years of experience as a hands-on executive give her a special awareness of the skills and mindset that students can lever for productive, satisfying careers. Dr. Burk is a sought after campus speaker who will help your students find the answers they are searching for.
